ENDEAVOR®

Enjoy cool summer days, cozy winter nights and everything in between with the Rheem® Endeavor® Line of Air Handlers. Offering high efficiency and quiet operation, Rheem Endeavor Air Handlers make it simple to relax in affordable, dependable comfort—year-round.

engineered for **life™**

High performance meets long-lasting quality

Peace-of-mind performance

Relax, you're covered by some of the best warranties in the industry¹—up to 10 Year Limited Parts².

Quiet operation

Sound levels range from quietest to quiet with insulated cabinets and truly variable speed airflow technology³—giving you one of the quieter air handler lines available⁴.

Optimal comfort

Modulating⁵ (between 40% and 100% of capacity), or two-stage (high, low) heating and cooling operation⁶, along with variable speed motor technology³, ensures a steady stream of just-right airflow to maintain your comfort level preference while providing superior humidity control.

EcoNet[®]

The Rheem Endeavor Line RHMVY and RH2VY air handlers operate with the easy-to-use EcoNet Smart Thermostat, which optimizes system performance and provides a new level of protection and precision comfort **with features like:**

- Communication with latest sensor technology
- Control of your thermostat from anywhere via the EcoNet App⁷
- Alerts sent directly to your phone or email

Simplified install & service with Bluetooth technology

Built-in Bluetooth[®] connectivity⁸ makes it faster and easier for your contractor to install and service your new system. This can help lower your costs and help make your home comfortable again—fast.

Designing for sustainability with low GWP

For 2025, the Environmental Protection Agency (EPA) has set a global warming potential (GWP) limit of 700 for refrigerant used in heating and cooling systems. This new requirement will result in a 78%⁹ lower GWP than previous-generation refrigerants—with only minimal changes to system installation. For us, this is another step toward our continued sustainability goal of reducing greenhouse gas emissions, while still delivering an exceptional level of energy efficient, dependable comfort.

**Tested.
Trusted.
Tough.**

From the smallest part to complete comfort systems, we build quality into everything we make so we can be sure it's tough enough to deliver the ultimate performance you can count on day after day, year after year. That reliability is what makes Rheem different—and better.

**We thought
of everything...
& then some**

We evaluate every detail of a product from top to bottom, inside and out and every angle in between. That's 360+1. And that's why you can count on Rheem Endeavor Air Handlers to bring you and your family years of efficient and dependable indoor comfort.

Rheem.com

Innovating since 1925

As the only brand bringing innovative air and water solutions to homes and businesses around the world, Rheem continues to deliver advanced comfort, savings and experiences to our customers—just as we've done since 1925.
